Belarus, Vitebsk Solid Waste Project, Feasibility Study		
Key words: solid waste management environmental consultancy, ESIA, EA		
Country / Location: Belarus / Vitebsk	Implementation period: 12/2015 - 4/2016	
Client: European Bank for Reconstruction & Development - Czech Trust Fund	Value of the contract: 150,000 EUR	
Contact Person: Mr. Jan Johansson Email: JohanssJ@ebrd.com	Value of the services provided by DEKONTA: 150,000 EUR	
Funding agency, if different from the Client:	Number of staff-months provided by DEKONTA:	
Name of associated consultants / subcontractors, if	DEKONTA's staff and functions performed: Vojtech Musil - Project Supervisor Pavel Vesely-Project Manager	
Narrative description of the Project: The main objective of this project is to prepare a comprehensive feasibility study ("FS") of the construction of a new landfill and improvement of the waste management and recycling structure. The FS will be used to determine a priority investment programme (the "PIP") and evaluate its benefits, including assessing its environmental and social feasibility.		
Type of the services provided by DEKONTA: Among other tasks, the project required the consultant to prepare an Environmental & Social Assessment (ESA), of the planned activities. DEKONTA is a member of the consortium responsible for this task.		
Signature: Jan Vaněk, MBA Head of Environmental Projects Division and Member of the Board of Directors
